statistical annual report

The 1984 Annual Report
Of the New Jersey Department of Insurance
Is Submitted to the Governor
And Members of the New Jersey Legislature

We are making great strides to improve the quality of the Department of Insurance by upgrading the staff and support services. By undertaking a computer needs analysis, by streamlining the organization of the department and by improving the quality of regulation and on-the-job training, we are better able to fulfill our mission as the watchdog of the insurance and real estate industries. This is the first step on the road to excellence. Our goal is to become the best insurance department in the country.

N.J. Department of Insurance

1985 Statistical Annual Report

Letter from the Commissioner

The 1985 annual report
of the New Jersey Department of Insurance
is submitted to the Governor
and members of the Legislature

In a year marked by considerable change within the insurance and real estate industries, the Department of Insurance made its mark by instituting innovative solutions to national problems. The department prevented an exodus from the commercial liability market through the issuance of an emergency order to halt the cancellations or non-renewal of commercial liability policies. Other areas where new approaches were implemented included the merger of Blue Cross and Blue Shield and the continued automation of departmental operations to better regulate the industry. Progressive solutions to old problems will be a continued focus of our attention in 1986 as we mold a department of insurance best able to meet the demands of a fast-approaching 21st century.

Gov. Thomas H. Kean
